water for people

flow 
field level operations watch

A platform for monitoring our work.

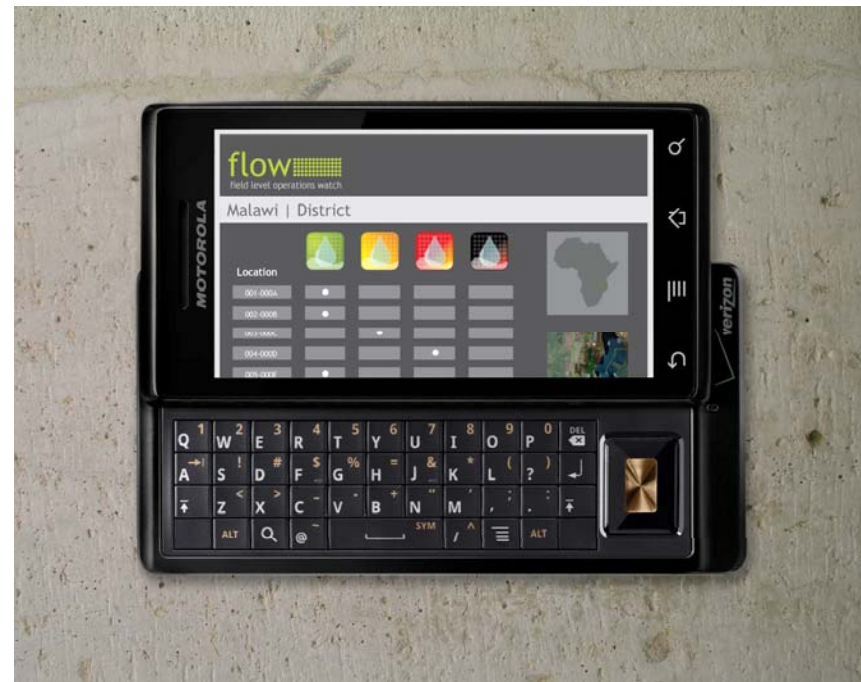

HOW FLOW WORKS

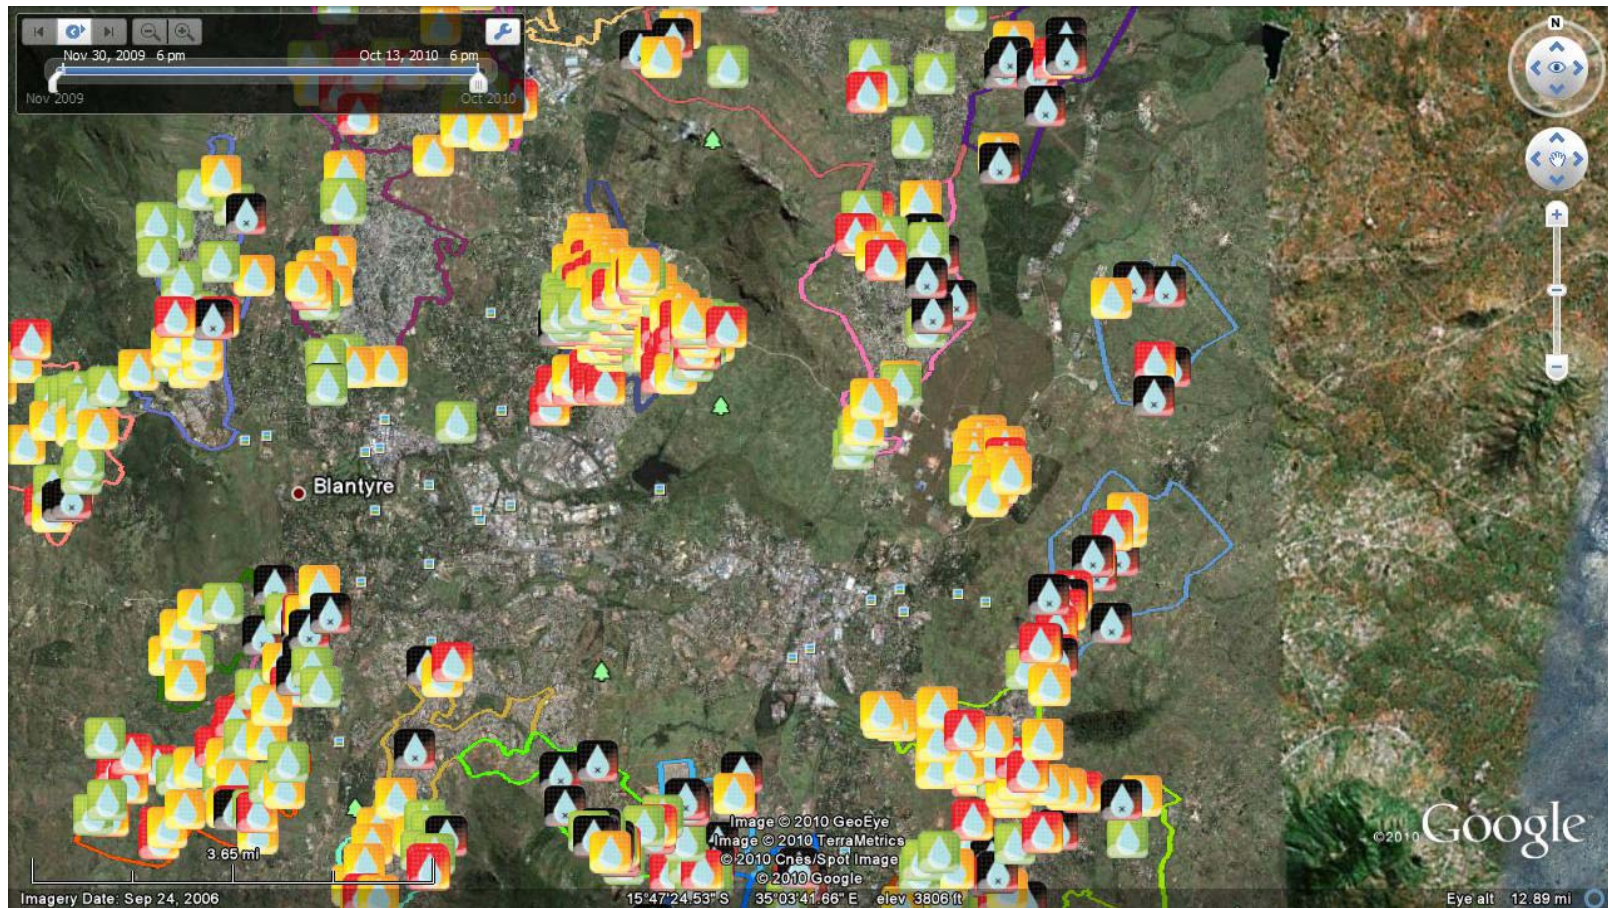

Data Collection

- Data collected via Android Cellular Phones/Computers
- Can collect GPS coordinates, photos, video, bar codes, adaptable surveys and decision trees
- Data can be collected in multiple languages
- Phones can securely store thousands of pieces of data
- Data automatically transmitted to the database via cell connection, wi-fi, or uploaded to a computer

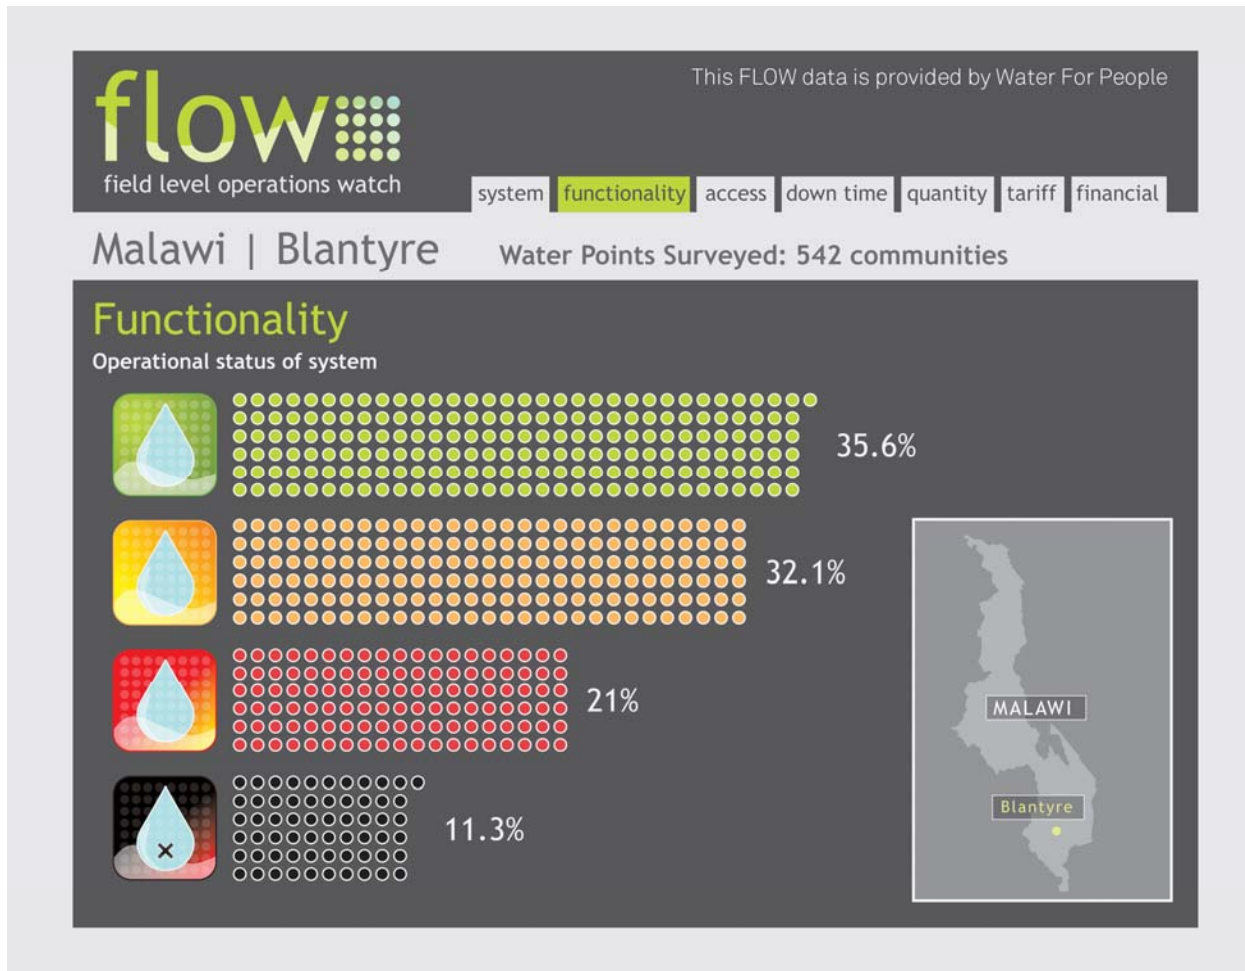

EXAMPLE: BLANTYRE, MALAWI ON GOOGLE EARTH

water for people

EXAMPLE: SCORECARD FOR PROJECT FUNCTIONALITY

**We guarantee
monitoring for
10 years.**
